WOMEN SAFETY CELL

Women's safety in India is widely discussed everywhere nowadays. It has now become a major issue. The crime rate is on the spike. Women of all ages are currently facing some sort of crime against their rights and are suffering in the worst ways. The more we keep letting things like these happen, the more they will continue to grow. We need to make sure that the safety of the women in our country is something that we talk about all the time. Only when we plan on making the most regular everyday activities for the women in our country safe, will we be able to call ourselves a successful nation?

To create a platform where all women can express their needs and priorities, where every woman is respected and is able to achieve their potential, living free from harm and discrimination.

SSASIT started the Women's Safety Cell aims at creating an ambiance for the safety and security of every women employee/girl student on our campus. Women's Safety Cell has been constituted to empower and safeguard the rights of female members, female faculty staff, female non-teaching staff, and female students of the college.

Establishment of a 24*7 women's helpline number and a security system on the campus for providing safety to students and female faculty and non-teaching faculty, w.e.f 1st April 2023.
